LUBRICANT FOR TWO STROKE ENGINES CHAINSAWS, BRUSH CUTTERS AND WEED CUTTERS

2-STROKE GARDEN

Code: 10-040 200 litres drums (code 12), 100 litres drums (code 13), 20 litres buckets (code20) and 200 CM3 bottles (code 14).

NORMS: TC/ JASO FC/ ISO L-EGD

A semi-synthetic lubricant for air cooled, high performance engines. Clean burning. Clean spark plugs. Low smoke
BIODEGRADABLE.

Mix at 50:1. Suitable for injection and premix systems.

Colour: green

LUBRICANT FOR FOUR STROKE ENGINES GENERATORS AND LAWMOWERS

HD SAE 30

Code: 20-213: 200 litres drums (code 12), 20 litres buckets (code20) and 1 litre bottles (code 40).

NORMS: SJ

A mineral based monograde lubricant. Suitable for light or medium duty applications, either petrol or diesel, engines.

Suitable for generators up to 15Kva and lawnmowers up to 25Kva.

Range of temperature: from 5°C to 40°C

SEMI-SYNTHETIC HD 10W- 30

Code: 20-216: 200 litres drums (code 12), 100 litres drums (code 13), 20 litres buckets (code20) and 1 litre bottles (code 40).

NORMS: SJ

A synthetic based multigrade lubricant.

Suitable for use in, either petrol or diesel, engines.

Suitable for generators up to 15Kva and lawnmowers up to 25Kva.

Range of temperature: from -20°C to 40°C

Both products protect against sludge, varnish and rust.

Excellent oxidation and wear resistance.

LUBRICANT FOR CHAINSAWS

CHAIN LUBE CHAINSAW

Code: 25- 202: 200 litres drums (code 12), 100 litres drums (code 13), 20 litres buckets (code20) and 1 litre bottles (code 40).

A high performance mineral based lubricant. Suitable for chainsaw chains.

Impact load resistance.

Excellent pin and bushing penetration.

Removes noise.

MULTIPURPOSE LUBRICANT

F-18 ALL IN ONE

Code: 82- 711 -70 (415 CM3 spray)

A multipurpose lubricant enhanced with a balanced combination of organic products. Excellent anti-oxidant, anti-wear and anti-friction properties.

Low viscosity.

Moisture and salt resistant.

Suitable to be used where oil or water cannot access, in threaded surfaces, saw blades, tools, steel wires, locks, hinges, precision instruments, electric instruments, weapons, etc.

Its deoxidant property removes nuts and bolts naturally.

It restores the movements of stuck sliding mechanisms.

Its lubricant film offers protection against seizure and bindings, enduring high pressures.

Endless application possibilities in industries, garages, motorcar industry, gardening and at home.
